

Landscape Designer/Landscape Architect

Posted: October 27, 2017

Position: Full Time

Experience: 2-5 years min.

Mayer/Reed is a Portland, Oregon-based design studio providing landscape architecture, urban design, visual communications, and product design services for sustainable environments in which people live, work and play. The firm's work in creating places for human activity explores the social, cultural, ecological and historic contexts that shape these environments.

Mayer/Reed is seeking a landscape designer or recently registered landscape architect to join our Landscape Architecture and Urban Design group. We are looking for a well-rounded individual who has excellent organizational, verbal and written communication skills with the ability to make positive contributions in a fast-paced collaborative team environment.

Experience and interest in graphics, sustainable design and technology are needed. The position requires design and production capabilities for a variety of public and private development projects. Tasks may include creating illustrative graphics, programming, site analysis, design, product specifications and production of detailed construction drawings.

Candidates must have a bachelor or masters degree in an accredited landscape architecture program and be proficient in AutoCad, SketchUp, and Microsoft Office and Adobe Suite software. Revit and Rhino experience is strongly encouraged.

Salary is commensurate with the level of experience. A comprehensive benefits package is offered. Our studio is in downtown Portland with access to bike and transit routes. Staff enjoys on-site workout, bike and shower facilities, and education and social events. Visit www.mayerreed.com to learn more about our work and office culture.

Submit cover letter, resume, references and portfolio by November 16, 2017 to Mayer/Reed, attn: Jeramie Shane, Principal, employment-la@mayerreed.com
