

Junior Interior Designer / BIM Coordinator

Position: Full-time

Experience: 1-4 years

Mayer/Reed is a Portland based design studio providing landscape architecture, urban design, visual communications, and product design services for the environments in which people live, work and play. The firm's work in creating places for human activity explores the social, cultural, ecological and historic contexts that shape these environments.

Mayer/Reed is seeking a junior interior designer and BIM coordinator to join our Visual Communications group to support signage/wayfinding projects and branded environments. Under the direction of the project manager, major responsibilities may include: space planning and sign programming assistance, furniture selection and tracking, creating accurate 3D model and 2D drawings for design visualization through construction documentation, manage multiple files across architectural disciplines, and act as the contact with the architectural BIM coordinator.

We are looking for a well-rounded individual who has good organizational, verbal and written communication skills with the ability to contribute in a team environment. Candidates should be proficient in Revit, AutoCAD, Adobe Creative Suite, and Microsoft Office. Must be able to accurately read and manipulate architectural plans and have a working knowledge and an interest in how people experience and navigate the built environment.

Salary is commensurate with the level of experience. A comprehensive benefits package is offered. Our studio is in downtown Portland with access to bike and transit routes. Staff enjoys on-site workout, bike and shower facilities, and education and social events. Visit www.mayerreed.com to learn more about our work and studio culture.

Submit cover letter, resume and portfolio to Mayer/Reed by December 29, 2017.
