

Junior Designer

Position: Part to Full-time

Experience: 1–4 years

Mayer/Reed is a Portland based design studio providing landscape architecture, urban design, visual communications, and product design services for the environments in which people live, work and play. The firm's work in creating places for human activity explores the social, cultural, ecological and historic contexts that shape these environments.

Mayer/Reed is seeking a junior designer to join our Visual Communications group to support signage, wayfinding and branded environments projects. We are looking for a well-rounded individual with good organizational, verbal and written communication skills. Interest in how people experience and navigate the built environment and the ability to contribute in a fast-paced team environment is needed.

Candidates must have or completing a bachelor's degree in graphic design, interior design, product design, architecture or a related program and be proficient in Adobe CC and Microsoft Office software. Revit, CAD, SketchUp or other 3D visualization software is encouraged but not required. Candidates must be eager to learn from experienced designers and collaborate to develop established concepts. Tasks and responsibilities dependent on skill set and may include typographic layouts, map design, mural production artwork, 3D rendering development, sign location programming in REVIT, etc.

Salary is commensurate with the level of experience. A comprehensive benefits package is offered for full time positions. Our studio is in downtown Portland with access to bike and transit routes. Staff enjoys on-site workout, bike and shower facilities, and education and social events. Visit www.mayerreed.com to learn more about our work and studio culture.

Submit a cover letter, resume, link to portfolio of work samples by December 31, 2018. Please indicate your availability to work full or part time in your cover letter.
